Subject VB/I-70 Extension

History:  This message has been forwarded.

Good morning Victor,

On behalf of Denver Department of Environmental Health, I am requesting an extension of the cooperative agreement (V978105-1) for the VB/I-70 Project to be extended to December 31, 2009. This will allow for continued program activities and additional efforts in meeting the Superfund goals and objectives.

Your consideration in this matter is greatly appreciated. I look forward to our continued partnership in improving the environmental conditions for VB/I-70 children and families. If you have any questions, please feel free to contact me.

Thank you,

Jay Salas
Program Manager
Denver Department of Environmental Health
